为什么选择达州 WHY CHOOSE DAZHOU

城市概况 OVERVIEW

达州地处四川省东部、川渝陕结合部，辖2区4县1市，2个市直园区（通川区、达川区、万源市、宣汉县、大竹县、渠县、开江县、达州高新区、达州东部经开区）。

Located in the east of Sichuan province and at the junction of Sichuan, Chongqing and Shaanxi, Dazhou spans two districts, four counties, one county-level city and two industrial parks directly subordinate to the city, namely Tongchuan District, Dachuan District, Wanyuan City, Xuanhan County, Dazhu County, Quxian County, Kaijiang County, Dazhou High-Tech Industrial Park, and Dazhou East Economic and Technological Development Zone.

古都风华，韵味非凡 Ancient City with Extraordinary Charm

总有一些物值得被珍藏 / Treasure Worth Cherishing

早在5300多年前，巴文化就在这片土地扎根。达州建制至今已跨过2300多年的历史长河。荔枝古道上，千年时光留影；罗家坝巴人文化遗址里，“巴王印章”仍见王权威严；渠县城坝遗址里，“虎钮鐻于”鼓振千军战意；渠县汉阙6处7尊，占全国存量的四分之一。

More than 5,300 years ago, Ba culture took roots in this land. It has been over 2,300 years since Dazhou was established as a city. The Litchi Trade Route has witnessed changes over the past thousands of years; in the Luojiaba Ba cultural site, the Seal of the King of Ba still shows the majesty of the king; in the site of Chengba in Quxian County, the vibrating "Tiger-shaped Chunyu (an ancient musical instrument)" boosted morale of troops thousands of years ago; in Quxian County, seven que (a freestanding, ceremonial gate tower) can be found in six places, which accounts for a quarter of the national stock.

A Group of Heroes Contributing to Current Peace / 总有一群人温暖旧时光

达州是川陕革命根据地的腹心地带。当年8万多人参加红军，2万多人为国捐躯。诞生了徐向前、李先念、许世友等老一辈无产阶级革命家，孕育了张爱萍、陈伯钧、向守志、魏传统等80多位无产阶级革命家和共和国将军。

Dazhou is a key part of the Sichuan-Shaanxi Revolutionary Bases. More than 80,000 people joined the Red Army, among whom more than 20,000 died for the country, including proletarian revolutionaries of the older generation, such as Xu Xiangqian, Li Xiannian, and Xu Shiyu as well as more than 80 proletarian revolutionaries and republican generals, such as Zhang Aiping, Chen Bojun, Xiang Shouzhi and Wei Chuantong.

Memorial Hall of the 33rd Red Army

秦巴锁钥，地接南北

Transportation Hub Embracing the Entire Country

达州位于成渝地区双城经济圈、“一带一路”、长江经济带交汇处，是名副其实的中国圆心城、四川对外开放的东大门和通江达海的东通道。达州也是全国公路运输枢纽城市和四川首批交通强市试点市，四川省委十二届二次全会赋予达州建设四川东出北上国际陆港枢纽的战略定位。

Located at the junction of strategies such as the Belt and Road Initiative (BRI), the Yangtze River Economic Belt, Chengdu-Chongqing Economic Circle, Dazhou is a veritable radius hub in China, the east gate of Sichuan opening to the outside and the east river corridor reaching seas. As a major hub city of national highway transportation and a pilot city of Sichuan's first batch of cities with strong transportation network, Dazhou was given the strategic positioning in Sichuan to build itself into a north-bound international dry port hub from the east during the Second Plenary Session of the Twelfth Session of the Sichuan Provincial Party Committee.

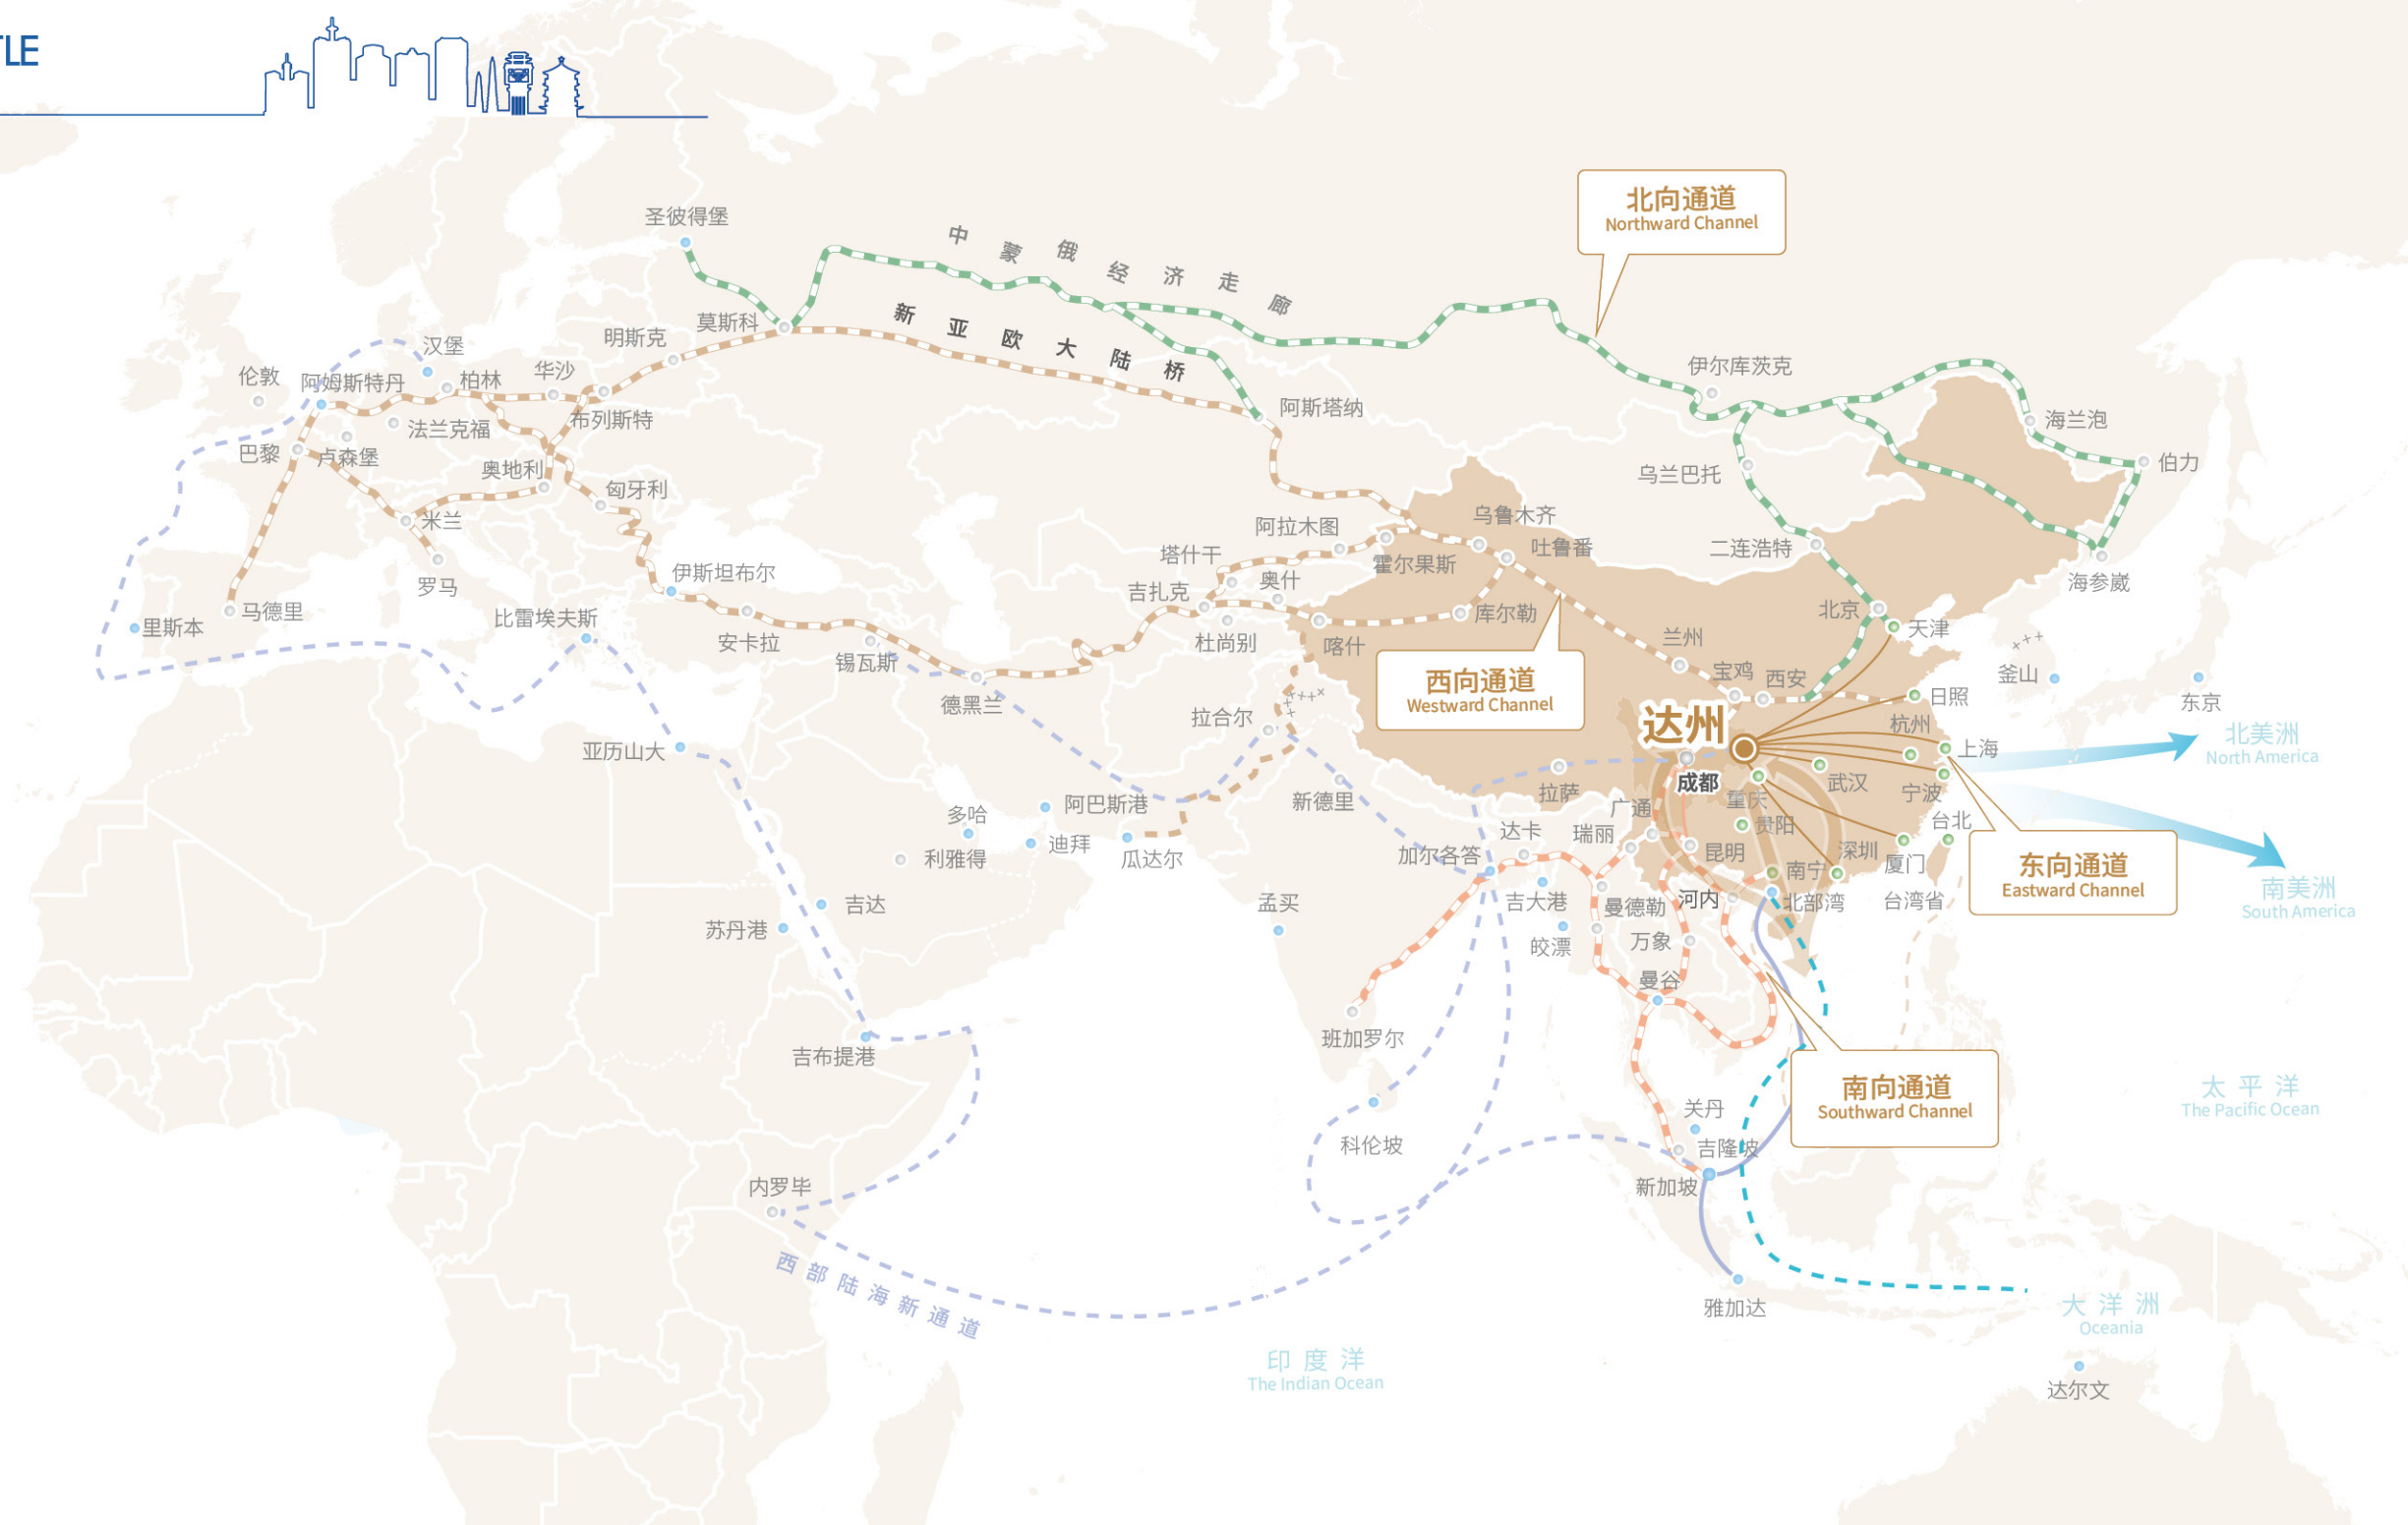

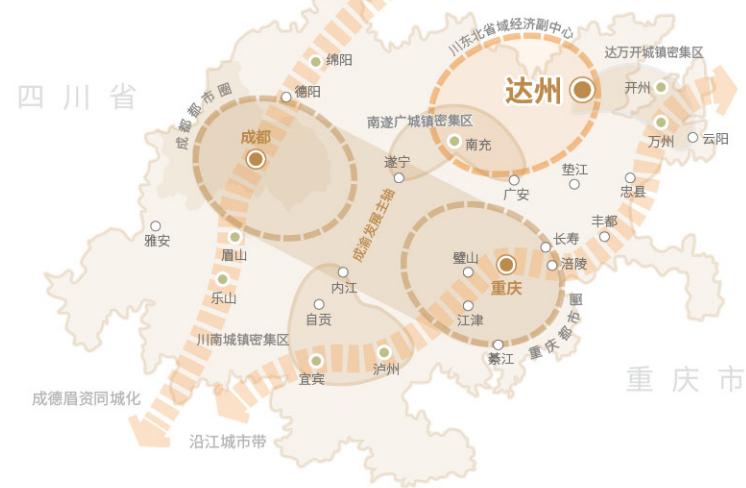

为什么留在达州 WHY NESTLE DAZHOU

战略，一片新蓝海 Strategy: Huge Potential Market

国家战略支撑 NATIONAL STRATEGIC SUPPORT

达州充满着时代赋予的发展机遇，“一带一路”、长江经济带发展、新时代西部大开发、成渝地区双城经济圈建设、川渝万达开地区统筹发展等重大战略交汇叠加，为达州的未来注入无限潜能，蔚为大观。

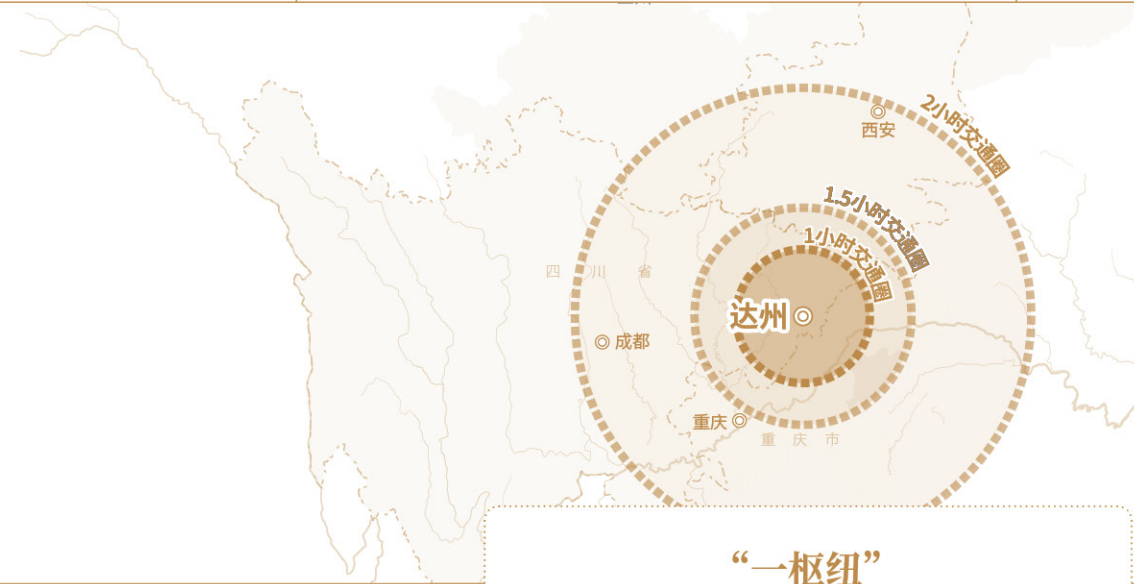

Dazhou is embracing development opportunities presented by the times. A series of major strategies combined have injected strong impetus to the city's splendid future development, such as the Belt and Road Initiative (BRI), the Yangtze River Economic Belt Development, China's Western Development in new era, the development of the Chengdu-Chongqing Economic Circle, the coordinated development of Wanzhou-Dazhou-Kaizhou (WDK) Region in Sichuan and Chongqing.

城市战略定位 THE CITY'S STRATEGIC POSITIONING

三大战略定位“一区一枢纽一中心”，实现资源产地向产业崛起地、区域交通枢纽向国际陆港枢纽、全域脱贫地区向省域经济副中心三大跃升。

Strategic positioning known as “one zone, one hub and one center” has enabled the city to achieve three great leaps forward, from a resource output to a place of rising industry, from a regional transportation hub to an international dry port hub, and from a city with entire areas out of poverty to a provincial economic sub-center.

“一区” “ONE ZONE”

◎ 万达开天然气锂钾综合利用集聚区

Lithium and Potassium Comprehensive Utilization Cluster of Natural Gas in WDK Region

万达开天然气锂钾综合利用集聚区纳入全省重点布局，走出一条服务国家战略全局、顺应四川发展大势、支撑达州未来发展的跨越之路。

Integrated into Sichuan's key blueprint for development, the zone serving the overall purpose of national strategy follows the development trend of Sichuan, underpinning the city's future leapfrog.

● 到 2025 年，全市天然气产量达到 **160** 亿立方米
By 2025, the city's natural gas production will reach 16 billion cubic meters

● 天然气、锂钾产业营业收入达到 **1000** 亿元
with lithium and potassium industries generating revenues of 100 billion yuan

“一枢纽” “ONE HUB”

◎ 东出北上国际陆港枢纽

North-bound International Dry Port Hub from Eastern Sichuan

2024 年

● 实现市域 **1** 小时覆盖
1-hour transportation within the city area by 2024

● 成渝双核 **2** 小时畅达
2-hour transportation to Chengdu and Chongqing

● 万达开 **1.5** 小时互通
1.5-hour transportation within the WDK Region

● 国内主要经济节点城市 **3** 小时通达
3-hour transportation to core cities of economic significance in China

“一中心” “ONE CENTER”

◎ 组团培育川东北省域经济副中心

Cultivating Northeast Sichuan Provincial Economic Sub-centers with Synergy Efforts

川东北“双子星”协力打造联结紧密、优势互补、特色鲜明、竞争力强的省域经济副中心。

The “Twin Stars” of Northeast Sichuan will go in tandem to build themselves into provincial economic sub-centers with close links, complementary advantages, distinctive features and strong competitiveness.

● 到 2027 年两地经济总量突破 **8000** 亿元
By 2027, the total economic output of Nanchong and Dazhou will exceed 800 billion yuan

资源，一方新天地 Resources: A Groundbreaking Industry

矿产·中国气都 MINERAL RESOURCES - THE NATURAL GAS CAPITAL OF CHINA

达州是国家重要的能源资源战略基地，是川气东送工程的起点，已发现各类矿产资源 42 种。

Dazhou, with 42 kinds of discovered mineral resources, is a significant national strategic base for energy resources, and also marks the starting point of the Project of Natural Gas Transmission from Sichuan to East China.

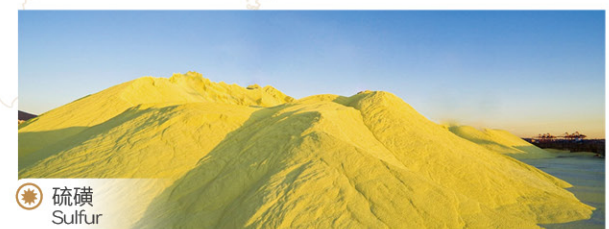

天然气资源总量 Total natural gas resources of 3.8 trillion cubic meters	3.8 万亿立方米
探明天然气储量 Proven natural gas reserves of 720 billion cubic meters	7200 亿立方米
天然气年产量 Annual natural gas production of more than 10 billion cubic meters	100 亿立方米以上
附产硫磺 Spinoff production of sulfur of 4 million tons	400 万吨
查明煤炭资源储量 Identified coal reserves of 975 million tons	9.75 亿吨
已查明水泥用灰岩资源储量 Identified cement limestone reserves of 460 million tons	4.6 亿吨
远景水泥用灰岩储量 Prospective cement limestone reserves of 3.447 billion tons	34.47 亿吨
已探明钾盐资源储量近 Proven potassium salt reserves of nearly 15 million cubic meters	1500 万立方米

亚洲最大的硫磺生产基地
Asia's largest sulfur production base

四川省1/3主焦煤基地之一
One of the 1/3 main coking coal bases in Sichuan Province

水泥用灰岩资源储量大、质量优
Large reserves and excellent quality of cement limestone resources

液态钾盐天然卤水含钾、锶、锂等微量元素，均达到了开发利用的价值
Natural brine of liquid potassium salt contains potassium, strontium, lithium and other trace elements, all of which have the value of exploitation and utilization

农特·名扬四海 AGRICULTURAL SPECIALTIES - FAMOUS THROUGHOUT THE WORLD

达州自然环境独特，农特品种繁多，是全国三大富硒地之一，粮食产量已连续十一年稳居全省第一，现拥有中国苕麻之乡、中国黄花之乡、中国糯米之乡、中国乌梅之乡、中国油橄榄之都、中国富硒茶之都、中国醪糟之都、国家商品粮和优质生猪供应基地、中国香椿第一县、中国南方第一牛业大县等国字号金字招牌 11 张，中国驰名商标 7 件，地理标志证明商标 20 件。“巴山食荟”达州市农产品区域公用品牌享誉全国。

Endowed with a unique natural environment, Dazhou witnesses a wide variety of agricultural specialties and it is one of the three major selenium-rich places in China. Its grain output has ranked the first in Sichuan for eleven consecutive years. So far, it has earned 11 well-established fame, such as the Hometown of Chinese Ramie, the Hometown of Chinese Daylily, the Hometown of Chinese Glutinous Rice, the Hometown of Chinese Smoked Plum, the Olive Capital of China, the Capital of Chinese Selenium-rich Tea, the Hometown of Chinese Sweet Rice Wine, the China's Commodity Grain and High-quality Live Pig Supply Base, the No. 1 County of Chinese Red Toon, and the No. 1 Cattle County in Southern China. Apart from that, it is also home to seven Chinese well-known trademarks and 20 certification trademarks with geographical indications. "Bashan Food Association", a regional public brand of agricultural products in Dazhou, is well-known throughout the country.

3 大五百亿级 产业集群 Three 50-Billion- Level Industrial Clusters

能源化工产业 Energy and Chemical Industry

依托天然气、锂钾、硫磺等优势资源，重点聚焦天然气精细化工、锂钾化工、磷硫化工和高效清洁能源，推动基础化工原料向化工中间体、精细化学品和优质终端产品延伸发展。

Taking advantage of its natural gas, lithium, potassium, sulfur and other superior resources, the city gives first priority to natural gas fine chemical industry, lithium and potassium chemical industry, phosphorus and sulfur chemical industry and high-efficiency clean energy, propelling the conversion of basic chemical raw materials to chemical intermediates, fine chemicals and high-quality end products.

目标

全国最大磷酸盐生产基地、全国钾肥战略保供基地、四川重要高效清洁电力保障基地
The largest phosphate production base in China, the strategic supply base of potash fertilizer in China, and the important base guaranteeing efficient clean power in Sichuan

先进材料产业 Advanced Materials Industry

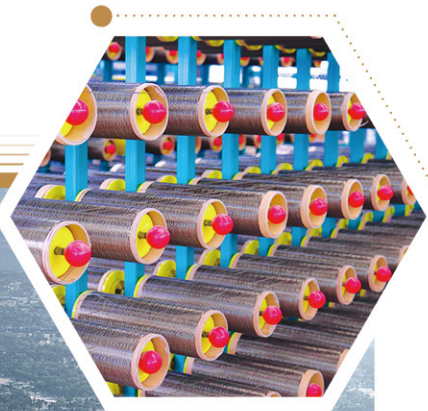

聚焦微玻璃纤维、玄武岩纤维、苧麻纤维等发展纤维先进材料，聚焦建筑型材、铸造管材、高导铜材等发展金属先进材料，聚焦新型动力电池正负极材料、电解液、隔膜等发展锂电先进材料，聚焦电子玻璃、新型显示等发展光电先进材料，不断开发高附加值产品。

The city is continuously developing high-value-added products, focusing on the development of advanced fiber, metal, lithium-ion battery, and photovoltaic materials such as micro glass fibers, basalt fibers, ramie fibers, architectural profiles, casting tubes, high conductivity copper, new type of power battery anode and cathode materials, electrolytic solution, diaphragm, e-glass, new type of display, and so on.

目标

全国重要的先进高性能纤维材料基地、锂电材料先进制造基地

China's key base of advanced high-performance fiber materials, and advanced manufacturing base of lithium-ion battery materials

Sichuan Torch Original Basalt Fiber Technology Co., Ltd

云峰茶谷
Yunfeng Tea Valley

农产品加工产业 Agricultural Products Processing Industry

突出绿色、富硒特性，引进培育龙头企业，重点围绕粮油、果蔬、茶叶、畜禽制品、食品饮料、预制菜、浆纸一体化等，构建农产品加工全产业链。

With green and selenium-rich characteristics at its core, the city is introducing and cultivating leading enterprises centering around grain and oil, fruits and vegetables, tea leaves, livestock and poultry, food and beverage, pre-made food, and Integrated P&P mills to build a whole industry chain of agricultural products processing.

目标

国家粮猪供给战略保障基地、国家优质农产品精深加工基地

China's strategic base guaranteeing grain and pig supply, China's refined and deep processing base of high-quality agricultural products

智能装备制造产业 Intelligent Equipment Manufacturing Industry

重点发展智能高端设备制造、汽车零（配）件制造、丘陵山区农机装备制造、通用航空器制造等，延伸发展智能铸造产业链。

Priority has been given to the development of high-end intelligent equipment manufacturing, automotive parts (accessories) manufacturing, agricultural machinery equipment manufacturing for hilly and mountainous areas, general aviation aircraft manufacturing, as well as the intelligent casting industry chain.

目标

万达开绿色智能铸造中心、成渝地区汽摩配套产业集聚地、西部通用航空产业基地

Wanzhou-Dazhou-Kaizhou Region Green Intelligent Casting Center, Chengdu-Chongqing Cluster of Automobile and Motorcycle Supporting Industry, Western General Aviation Industry Base

四川川环科技股份有限公司
Sichuan Chuanhuan Technology Co., Inc

电子信息产业 Electronic Information Industry

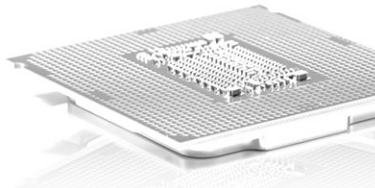

依托达州数字经济产业园、川渝合作（达州·大竹）示范园区等平台，重点发展智能终端、光电显示、计算机零部件、电子元器件、云计算与大数据等领域。

Benefiting from platforms such as the Dazhou Digital Economy Industrial Park and the Demonstration Park for Sichuan-Chongqing Cooperation (Dazhou-Dazhu), it focuses on the development of intelligent terminals, optoelectronic displays, computer components, electronic components, cloud computing and big data.

目标

成渝地区重要智能产品配套基地

An important supporting base for intelligent products in Chengdu-Chongqing area

兆纪光电科技有限公司
Zhaoji Optoelectronic Technology Co., Ltd

玉竹麻业
Sichuan JB&RAMIE Co., Ltd

轻纺服饰产业 Textile and Garments Industry

着力招引龙头企业, 培育知名品牌, 完善产业配套体系, 构建纺织原料、纺纱、织布、印染、成衣生产、品牌管理全产业链生态链。

Efforts have been made to attract leading enterprises and cultivate famous brands by improving the industrial supporting system, so as to build a whole industrial chain of textile raw materials, spinning, weaving, printing and dyeing, garment production and brand management.

目标

西部服装服饰引领区
A leading area of clothing in
Western China

361° 内部生产场景
Internal production
scene of 361°

医药健康产业 Medicine and Health Industry

围绕中药饮片、提取物、中药创新药物、中成药大品种、传统经典制剂、医疗器械、大健康产品等领域, 带动形成集医疗美容、有机健康食品、保健品、化妆品及医疗器械为一体的医药健康产业集群。

It centers around the fields of traditional Chinese medicine decoction pieces, extracts, innovative traditional Chinese medicine, large varieties of proprietary Chinese medicines, traditional classic preparations, medical devices, and comprehensive health products, to form a medicine and health industry cluster integrating medical cosmetology, organic health food, health care products, cosmetics, and medical devices.

重点引进 Key Areas of Introduction

达川区工业园区 Dachuan Industrial Park

达川区工业园区位于渝广达经济发展带核心区，规划面积约40平方公里，预计总投资1000亿元，2030年建成25平方公里产业新城。达渝高速、210国道纵横新城南北，马平路、马木路横贯新城东西，距达州金垭机场4公里。

Dachuan Industrial Park is located in the core area of Chongqing-Guang'an-Dazhou Economic Development Belt, with a planning area of about 40 square kilometers, and an estimated total investment of 100 billion yuan. A new industrial city of 25 square kilometers will be built in 2030. The newly-built city will be crisscrossed by Dazhou-Chongqing Expressway and National Highway 210 at the north and south, and Maping Road and Mamu Road at the east and west. It is 4km away from Dazhou Jinya Airport.

万源市工业园区 Wanyuan Industrial Park

聚焦“一区四园”建设，深入推进新型工业化。大力开发风能、青石、石英砂岩等资源，加快推进白沙工业园、官渡风电开发、中国西部石材城、青花储配煤基地等项目建设，打造清洁能源、绿色建材、农特产品加工和新材料四大百亿级产业集群，聚力打造具有万源地域标志的“五彩产业”。

Focusing on the construction of “one zone and four parks”, it will push forward new type of industrialization. Great efforts have been made to exploit wind energy, greenstone, quartz sandstone and other resources, and accelerate the development of Baisha Industrial Park, Guandu wind power generation, Western China Stone City, and Qinghua Base of Coal Storage and Distribution. Besides, it is building a four 10-billion-level industrial clusters of clean energy, green building materials, agricultural specialties processing and advanced materials, so as to establish a “five-color industry” with Wanyuan regional characteristics.

达州东部经开区开江园区

Kaijiang Park of Dazhou East Economic Development Zone

达州东部经开区开江园区作为成渝地区双城经济圈首批产业合作示范园区，坐落于“中国田城”开江中心城区西侧，处于川渝万达开地区统筹发展的核心位置，位于达万高速公路开江入口处，是东向出川通江达海的前沿要塞。按照“双区四园”的原则，规划面积10平方公里，距开江火车站30公里，距离成达万高铁开江南站2公里，距万州港70公里、达州机场60公里。

As the first batch of industrial cooperation demonstration parks in Chengdu-Chongqing Economic Circle, the park is located in the west of Kaijiang downtown area known as "China's Field Capital". At the core location of WDK Region of coordinated development, and at the Kaijiang entrance of Dazhou-Wanzhou Expressway, it is the frontier of the eastward river channel out of Sichuan to the sea. Built according to the principle of "two zones and four parks", the zone with a planning area of 10 square kilometers, is 30 kilometers from Kaijiang Railway Station, 2 kilometers from Kaijiang South Railway Station of Chengdu-Dazhou-Wanzhou High-speed Railway, 70 kilometers from Wanzhou Port and 60 kilometers from Dazhou Airport.
